

NEWS RELEASE

Tristel to demonstrate Shine nasendoscope disinfecter at BACO 2009

26 June 2009; Newmarket, UK: Tristel Solutions is demonstrating Tristel Shine at the 13th British Academic Conference in Otolaryngology and ENT Expo (BACO) in Liverpool on 8 - 10 July 2009. Already installed in ENT departments at 15 hospital sites in the UK, the Tristel Shine automated benchtop washer disinfecter is specifically designed for non-lumened nasendoscopes and addresses ENT UK recommendations.

Shine is a cost-effective, benchtop automated Washer that uses Tristel's unique, patented chlorine dioxide chemistry supplied as single-use solutions. HTM 2030 and EN 15883/4 compliant, Shine can process four non-lumened nasendoscopes per cycle. The system also includes Perfect Profile IMS Monitoring Software and a printer to deliver complete traceability.

To find out more, visit the Tristel stand at the BACO 2009 expo, Liverpool Arena and Convention Centre, or go to www.tristel.com

About Tristel

Tristel uses proprietary chlorine dioxide chemistry to create instrument and surface disinfectants. With its origins as a healthcare business specialising in infection control products, Tristel has recently extended its operations to include legionella control in water supplies and contamination control in the food and pharmaceutical industries.

The company is creating applications for its chemistry that address the four routes of transmission of infection and contamination – surfaces, instruments, water and people.

Tristel plc has its headquarters in Newmarket, UK and a network of distributors around the world. The company was admitted to trading on AIM on 1 June 2005. Its stock exchange symbol is TSTL.
