

**NEWS RELEASE**  
**07 June 2007**

**Tristel expands UK sales team**

Continuing its rapid growth, infection control company Tristel Solutions (Snailwell, UK) has made a further addition to its UK sales team with the appointment of Steve Wise to the post of Area Sales Manager for the South and South West.

Steve joins Tristel from Dawmed International. He has many years' experience in both contamination control and endoscopy products, from both a sales and engineering perspective.

Steve will be supporting the complete range of Tristel Solutions' products. These are all based on the company's patented chlorine dioxide technology, and now include: specialist products for decontamination in endoscopy and ultrasound departments, ENT clinics and laboratories; and systems for hospital hard surface cleaning and decontamination.

**About Tristel**

Tristel uses proprietary chlorine dioxide chemistry to create instrument and surface disinfectants. With its origins as a healthcare business specialising in infection control products, Tristel has recently extended its operations to include legionella control in water supplies and contamination control in the food and pharmaceutical industries.

The company is creating applications for its chemistry that address the four routes of transmission of infection and contamination – surfaces, instruments, water and people.

Tristel plc has its headquarters in Newmarket, UK and a network of distributors around the world. The company was admitted to trading on AIM on 1 June 2005. Its stock exchange symbol is TSTL.
